For the first time the European Federation for UNESCO Clubs, Centers and Associations is meeting in an Executive Board in New York, aware of the fact that these organizations from North America are also part of our Federation. For this kind invitation we want to thank our hosts and especially Mr. Guy Djoken, President of the U.S. Federation for UNESCO Clubs, Centers and Associations, who coordinates the whole organization of the UNESCO events at the beginning of March 2014.

With this occasion the European Federation will launch its first issue of AZURE magazine, that is intended to be a bold step towards the solidarization of the UNESCO Civil Society, through the quality of the presented projects and through the permanent devoted actions made by each one of us for ideals and common values.

The title of the magazine, suggested by Dr. Mihaela Varga (Vice President of Alumnus Club for UNESCO) invites us to meditation, calm, trust in what we want to accomplish. Above all, this blue, which appears also on the UNESCO flag, represents the color of peace, of the intellect opened to the blue that forms the sky.

Our magazine represents optimism, quietude and faith in what we are proposing to do in our future actions, gathering in this temple, identities that unify with the thought that we are part of the UNESCO constellation of this millenium.

*Dr .Daniela Popescu
EFUCA President*

A Romanian initiative, created by Alumnus Club for UNESCO under the aegis of the European and World Federation for UNESCO Clubs, Centers and Associations

Passport for Global Ethics is a innovative document created as a way of gratitude for those who, with their activities, promote the formation of a new generation of moral conduct in the future, and also represents an effective tool, a symbol of the values that UNESCO seeks to provide to young people through various programs and platforms that support intercultural dialogue.

History - Passport for Global Ethics

- For the first time the document was presented in July 2013, in Beijing, China at the UNESCO “Asia-Europe Forum on School Ethics Education” by Dr. Daniela Popescu, Romanian National Commission Expert and President of EFUCA. It was handed with this occasion to the Deputy Minister of Education in China, Mr. Hao Ping and President of the UNESCO General Conference starting with November 2013.

- In November 2013 during the UNESCO General Conference, passports were handed to all the participant countries. The President of the Romanian National Commission and Minister of Education, Mr. Remus Pricopie and the WFUCA President, Mr. George Christophides, underlined in their speeches the importance of this project.

- Passport for Global Ethics was considered by the Secretary General of the National Commission for UNESCO, Mr. Ani Matei, the most important project for Romania to appear in the annual report of the National Commissions for UNESCO.

Stimată familie îndurerată,
Dear Family members

Stimați colegi ai clubului UNESCO din Malta
Respected colleagues of UNESCO Club MALTA

Pentru ultima dată, dragă ALBERT
For the last time, dear ALBERT

Toți colegii tăi din lumea UNESCO, care te-au cunoscut păstrează o nobilă și durabilă amintire în suflete. Ai fost pentru noi un exemplu luminos de ce înseamnă un adevărat conducător de Club, implicat activ în viața publică, în construirea adevărului și mai ales în propagarea idealurilor UNESCO.

All of your colleagues from the UNESCO World, who met you will remain with a noble and lasting memory of you in their hearts. You were for us, a shining example of what a true club leader should be, actively involved in public life and in the true development and spreading of UNESCO ideals.

Strădania ta neobosită, permanentă în valorificarea idealurilor organizației noastre a prins rădăcini puternice în atâția zeci de ani de muncă neobosită.: În anul 1969 ai înființat Clubul UNESCO din Malta, care a devenit apoi membru al Federației Mondiale încă de la constituirea acesteia în 1981, precum și membru fondator al Federației Europene.

Your untiring efforts, and permanent evaluation of our organisations ideals strongly took root over your decades of untiring work. In 1969 you founded the UNESCO Club Malta, which became one of the founding members of the World federation in 1981, as it was European Federation.

Ce am remarcat la tine încă de la început a fost faptul că ai sprijinit întotdeauna cu prietenie forțele constructive. Odată cu alegerea mea în funcția de Președinte , mi-am dorit tare mult să fii alături de mine prin experiența extraordinară de aproximativ 50 de ani în câmpul mișcării Cluburilor UNESCO, în calitate de consilier personal al Președintelui Federației Europene.

From the very beginning I observed the fact that you always supported with friendship constructive forces. When I was chosen as President, I always wished very much for you, as personal adviser to the European Federation Presidency, to be close by with your extraordinary nearly 50 year of experience within the UNESCO Clubs movement.

Ai fost implicat în viața socială și culturală din țara ta. Ai știut cu diplomatie să implici toate forțele oficiale în realizarea obiectivelor UNESCO, contribuind la o mai mare coeziune socială, inclusiv prin activități în beneficiul persoanelor cu dificultăți materiale și de sănătate, făcând parte din conducerea celei mai importante organizații caritabile din Malta: Community Chest Fund. Datorită personalității tale ai făcut ca numele UNESCO și valorile universale pe care le promovează această mare organizație internațională să fie foarte cunoscute în Malta și în lume.

You were involved in the social and cultural life of your country. You knew with great diplomacy to involve all official resources in achieving the objectives of UNESCO, contributing to a social cohesion, including activities helping people of reduced circumstances and in bad health, being a member of the leadership of the most important charitable organisations in Malta: Community Chest Fund. Due to your personality you made the UNESCO name and universal values, which this large international organisation promotes, well known in Malta and throughout the world.

*Cu eleganță și distincție ți-ai construit o posteritate din bunuri dăruite tuturor cu atâta candoare și delicatețe: cu adevărat **O Viață Dedicată UNESCO.***

With elegance and distinction you constructed a posterity from actions given to everybody with such smoothness and delicacy:

A life truly dedicated to UNESCO

With deep respect,

In the name of the European Federation for UNESCO Clubs, Centers and Associations
